

Dear Professor Assimakopoulos

It was really a great honour for me to participate in the 2nd Franco- Hellenic congress, a high quality and standards congress that rewarded all participants by the excellent presentations of all distinguished speakers in the fantastic place of Lefkada.

This congress faced a lot of hurdles and difficulties and it would never come to a fact without your passion, tenacity and skills. It was really an one man achievement.

The congress covered a wide area of ENT topics including recent innovations and achievement in each topic and for sure all participants benefited and enriched their knowledges and experiences from the high quality presentations

Undoubtedly the 2nd Franco – Hellenic Congress was one of the most successful meetings and can be taken for granted and as a precept for the the 3rd one

Yours Sincerely

Tassos Spandideas MD, PhD, FCCP

Vice President of the Greek Headache Society
